

2010 AWRA Summer Specialty Conference

International Specialty Conference and 8th Caribbean Islands Water Resources Congress on Tropical Hydrology and Sustainable Water Resources in a Changing Climate

Gran Melia Puerto Rico
Rio Grande, Puerto Rico
August 30 - September 1, 2010

MAKE YOUR PLANS TODAY!

The 2010 AWRA Summer Specialty Conference and Eighth Caribbean Island Water Resources Congress on ***Tropical Hydrology & Sustainable Water Resources in a Changing Climate*** will build on previous conferences to discuss the challenges of tropical hydrology and sustainable water resources in light of a changing climate. We will address issues such as water supply, sustainable water planning, water quality, alternative water supplies, and coastal ecosystems.

The Preliminary Program will be posted at www.AWRA.org in late May.
